1. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check [g.co/androidauto/requirements](https://www.toyota.com/androidauto/requirements) for compatibility. Operability depends on network availability, a cellular connection and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to <https://www.toyota.com/audio-multimedia/>. To learn more about Toyota's connected services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/support/privacy-notice/>. Android and Android Auto are trademarks of Google LLC.
2. Apple CarPlay requires a compatible iPhone with an active data plan. Check compatibility at <https://www.apple.com/ios/carplay/>. Operability depends on network availability, a cellular connection and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to <https://www.toyota.com/audio-multimedia/>. To learn more about Toyota's connected services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/support/privacy-notice/>. Apple CarPlay and iPhone are registered trademarks of Apple Inc.
3. Automatic high beams operate at speeds above 21 mph. See Owner's Manual for instructions and limitations.
4. The backup camera does not provide a comprehensive view. Always look over shoulder and use outside mirrors. See Owner's Manual for limitations.
5. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area.
6. Charging time may be longer using standard 120V outlet. Always plug-in/charge vehicle in accordance with Owner's Manual.
7. Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then services will not work, and will need to be discontinued. Services require account registration through Toyota App and acceptance of Connected Services Terms of Use at <https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf> and Master Data Consent. Data charges may apply. For Toyota Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see <https://www.toyota.com/support/privacy-notice/>. Trial period begins on original purchase or lease date of new vehicle. Services may vary and are subject to change without notice. Requires app download/registration, acceptance of Terms of Use and subscription after trial (if applicable). Data charges may apply.
8. Dynamic Radar Cruise Control is not a substitute for safe and attentive driving. See Owner's Manual for instructions and limitations.
9. Front and Rear Parking Assist with Automatic Braking (PA w/AB) may warn drivers of, and potentially brake for, front and rear collisions with certain objects when traveling at low speeds. Drivers should visually confirm clearance during use. See Owner's Manual for instructions and limitations.
10. Do not overly rely on the Front Cross-Traffic Alert system. Always visually confirm that it is safe to proceed. See Owner's Manual for limitations.
11. JBL is a registered trademark of Harman International Industries, Inc.
12. Lane Change Assist operates only when Dynamic Radar Cruise Control (DRCC) and Lane Tracing Assist (LTA) are activated. Do not overly rely on this system. Driver must confirm lane is clear. See Owner's Manual for limitations.
13. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual/audible alert and slight steering force when lane departure is detected. It is not a collision avoidance system or substitute for safe and attentive driving. Effectiveness depends on many factors including road, weather and vehicle conditions. See Owner's Manual for limitations.
14. The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner's Manual for limitations.
15. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding your vehicle. Look around to confirm clearance. See Owner's Manual for limitations.
16. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to help reduce the crash speed and damage in certain frontal collisions involving a vehicle, a pedestrian, bicyclist or motorcyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of vehicle, pedestrian, bicyclist or motorcyclist and weather, light, and road conditions. See Owner's Manual for limitations.
17. Proactive Driving Assist (PDA) is designed to detect certain objects or curves in the road and provide gentle braking and/or steering support. PDA is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of detected objects and weather, light, and road conditions. See Owner's Manual for additional limitations and details.
18. Do not rely exclusively on the Rear Cross-Traffic Alert. Visually confirm clearance during use. See Owner's Manual for limitations.
19. Road Sign Assist only recognizes certain road signs. See Owner's Manual for limitations.
20. Do not rely exclusively on Safe Exit Alert. Always look for approaching traffic before exiting the vehicle. See Owner's Manual for limitations.
21. Water, weather, dirt, and other conditions may cause the hands-free power liftgate sensor to not operate properly. See Owner's Manual for limitations.
22. Never tow beyond a vehicle's published towing capacities.
23. Toyota Safety Sense effectiveness depends on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for limitations.
24. Traffic Jam Assist is not an automated driving system, requires driver supervision at all times, and is designed to function on controlled access freeways at speeds of 25 mph or less. Use this system in accordance with applicable laws. Requires an active subscription to Drive Connect that depends on 4G network availability and other factors. Service requires account registration through Toyota App and acceptance of Connected Services Terms of Use at <https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf> and Master Data Consent. Data charges may apply. Before operating, refer to Owner's Manual for instructions and limitations.
25. Charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models.
26. Wireless charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like products.
27. SiriusXM® with 360L service will automatically stop at the end of your trial subscription period unless you decide to continue service. Trial is non-transferable. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit [siriusxm.com](https://www.siriusxm.com) for complete terms and how to cancel which includes online methods or calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. Satellite service not available in AK & HI. Certain features and/or content may not be available in vehicles with SiriusXM with 360L unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio LLC and its respective subsidiaries.
28. Subject to smartphone connectivity and capability. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Data charges may apply. Spotify is a registered trademark of Spotify Technology Holding.
29. EPA-estimated 47city/40hwy/43comb MPG rating for 2026 RAV4 LE & XLE FWD. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov.
30. Do not rely exclusively on Blind Spot Monitor. Look over shoulder and use turn signal. See Owner's Manual for limitations.
31. HomeLink and HomeLink® house icon are registered trademarks of Genetex Corporation.
32. Do not overly rely on Advanced Park and use only in accordance with applicable laws. Remain attentive to surroundings during use. Before operating, review Owner's Manual for instructions and limitations.
33. Use of all-terrain tires may significantly impact the attainable driving range of the vehicle.
34. Rigid Industries is a registered trademark of JST Performance, LLC d/b/a Rigid Industries.
35. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat.
36. Rated for 1500 watts for a single three-prong outlet. See Owner's Manual for limitations.
37. Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under certain conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for limitations.
38. A 240V NEMA 14-50 outlet is required for Level 2 charging. Electrical outlets for use with the dual voltage charging cable must be installed by a licensed, qualified electrician.
39. Drive recorder may not record under all conditions. Use in accordance with applicable laws. See Owner's Manual for limitations.
40. Trailer Driving Assist performance is affected by many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for limitations.
