

2022 Tundra

Top 5 Facts

- * i-FORCE 3.5-liter twin-turbo V6
- * Available 437-hp (comb.)[1] i-FORCE MAX 3.5-liter twin-turbo V6 hybrid powertrain[20]
- * Advanced Towing technologies[2]
- * Seven-grade lineup, with 42 configurations
- * Toyota Safety Sense™ 2.5 (TSS 2.5)[3]

What's New

- * Completely redesigned
- * i-FORCE 3.5-liter twin-turbo V6
- * Available i-FORCE MAX 3.5-liter twin-turbo V6 hybrid powertrain[51]
- * All new range-topping Capstone grade
- * Available 14-in. touchscreen

Quick Specs

- * Avail. hybrid powertrain produces 437 hp[1] and 583 lb.-ft. of torque
- * 12,000-lb. maximum towing capacity[2]
- * 1,940-lb. maximum payload capacity[4]
- * 21.0 / 24.0 degree minimum approach / departure angle

Awards

- The 2022 Toyota Tundra crew cab is an IIHS *TSP+*.[21]
- 2022 Toyota Tundra was named Best Resale Value in its class by Kelley Blue Book’s KBB.com[22]
- 2022 Toyota Tundra – Best Resale Value: Top 10[22]

Key Features

SR

Building on Tundra's all-new platform, SR is ready to work with a 348-hp i-FORCE 3.5-liter twin-turbo V6, aluminum-reinforced composite bed construction, LED head and taillights, and Smart Key System[4] with Push-button Start.

- 10-speed electronically-controlled automatic transmission with uphill/downhill shift logic
- Available 4WDemand part-time 4-wheel drive with electronically-controlled 2-speed transfer case and automatic limited-slip differential
- Toyota Safety Sense™ 2.5 (TSS 2.5)[2]

SR5

SR5 bumps the turbo V6's power up to 389 hp and provides drivers a selector for eco, normal, and sport drive modes. With 18-inch alloy wheels, LED fog lights, and plenty of packages and options available, this capable truck is ready to meet the needs of today's driver.

- Deck rail header and side rails with adjustable tie-down cleats
- LED fog lights
- SR5 grille with the color-keyed outer frame and black horizontal-bar inner grille

Limited

Limited brings some serious power for 2022, with an available i-FORCE MAX 3.5-liter twin-turbo V6 hybrid powertrain[51] that delivers 437 combined horsepower[1] and 583 lb.-ft. of torque. All Limited grades feature SofTex®-trimmed[5], 8-way power front seats, 14-inch touchscreen, and other interior enhancements.

- 20-in. alloy wheels
- Dual-zone climate control
- Chrome-finish grill and exterior trim

Platinum

The elegant Platinum indulges the interior with several upgraded features, including leather-trimmed seating, heated and ventilated rear seats, 12-speaker JBL®[6] audio system, ambient interior lighting, driver's power seat memory, and heated power tilt/

telescopic steering wheel.

- Gloss black exterior trim
- Power tilt/slide panoramic roof with power sunshade
- Premium LED headlights with automatic leveling adjustment

1794 Edition

Paying tribute to the 1794 Texas ranch establishment where Tundra is manufactured today, 1794 Special Edition comes equipped with special badging as well as upgraded exterior and interior enhancements found on Limited-based grades.

- 20-in. machined-finish alloy wheels with P265/60R20 tires
- American walnut wood-grain interior trim
- Chrome-finish "TUNDRA" stamped grille valance, sideview mirrors, and rear bumper accents

TRD Pro

TRD Pro is the Tundra off-road[8] specialist, and it's equipped with several enhanced suspension components and 18-inch BBS®[9] wheels with all-terrain tires. The equipped LED grille light bar and camo-pattern exterior trim provide a visual glimpse into the TRD Pro's intentions.

- TRD Pro off-road suspension with 1.1-in. front lift, 2.5-in. FOX®[7] Internal Bypass coil-overs and rear remote-reservoir shocks, and TRD Pro front stabilizer bar
- Red TRD front coil-over springs and stabilizer bar
- Smoked-finish premium LED headlights

Capstone

Capstone is the Tundra flagship with unique 22-inch wheels, power running boards, and unique grille trim. The interior is enriched with semi-aniline leather-trimmed 10-way power-adjustable front seats.

- 22-in. dark-chrome-finish alloy wheels with P265/50R22 tires
- Capstone grille with color-keyed outer frame and chrome-finish inner grille pattern
- Backlit "CAPSTONE" passenger-side instrument panel badge and floor mats,[29] front door badge

Disclaimers

1. 437 net combined horsepower.
2. Toyota Safety Sense effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details.
3. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. See *Owner's Manual* for limitations.
4. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
5. SofTex is a registered trademark of Toyota Motor Sales, U.S.A., Inc.
6. JBL is a registered trademark of Harman International Industries, Inc.
7. Fox is a registered trademark of FOX Factory, Inc.
8. The Toyota Tundra is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area.
9. BBS is a registered trademark of BBS of America, Inc.
10. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
11. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details.
12. Extra-cost color.
13. The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See *Owner's Manual* for additional limitations and details.
14. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns.
15. Do not exceed 120V. See *Owner's Manual* for additional limitations and details.
16. At speeds of 9 mph or less, Parking Support Brake (PKSB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PKSB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See *Owner's Manual* for additional limitations and details.
17. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port or connected wirelessly to the vehicle. Apple CarPlay is a registered trademark of Apple Inc.
18. Android Auto is a trademark of Google LLC. To wirelessly use Android Auto on your car display, you need a compatible Android smartphone with an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements. Android and Android Auto are trademarks of Google LLC.
19. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. **Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel which includes calling 1-866-635-2349.** Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. SiriusXM trial length and service availability may vary by model, model year or trim.
20. Drive Connect availability and accuracy depend on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Services not available in every city or roadway. Services subject to change at any time without notice. Requires app download/registration and subscription required after trial (if applicable). Terms of Use apply. See *Owner's Manual* and www.toyota.com/connected-services for additional limitations and details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. The Drive Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial (if applicable) to access the service. Terms of Use apply.

21. Connected Services depend on factors outside Toyota's control, including an operative telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data usage and charges may apply. See usage precautions and service limitations in *Owner's Manual* and www.toyota.com/connected-services/ for additional limitations and details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. All trials begin on the original date of purchase or lease of a new vehicle, with the exception of Wi-Fi for which the trial begins at the time of activation. Paid subscription required after trial in order to continue accessing the respective services. Terms of Use apply.
22. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Digital Key also requires *Bluetooth* connectivity. Service may vary by vehicle and region. Requires app download and registration/subscription after trial (if applicable). Terms of Use apply. Data charges may apply. Remote start/stop not available on manual transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Toyota *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. The Remote Connect trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service. Terms of Use apply.
23. Safety Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Requires app download/registration and subscription after trial (if applicable). Service subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. The Safety Connect trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service.
24. Information provided is based on the last time data was collected from the vehicle and is not real time data. Service Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Requires app download/registration and subscription after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect, Remote Connect or Drive Connect upon trial expiration. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect, Remote Connect or Drive Connect upon trial expiration.
25. Eligible vehicle and wireless service required. Wi-Fi Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Wi-Fi Connect coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/toyota for terms and conditions. Data usage and charges apply. Up to 10 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Wi-Fi Connect trial begins at the time of enrollment and expires when 30 days or the earlier of 3GB of data is used or the 1-month period ends. Subscription required after trial. Integrated Streaming requires separate subscriptions to third-party provider services. Terms of Use apply.
26. Crawl Control is designed for driving on difficult terrain at low speeds and assists driver by controlling acceleration and braking, allowing the driver to focus on steering. See *Owner's Manual* for additional limitations and details.
27. Downhill Assist Control is designed to help driver maintain vehicle control and speed on steep, downhill descents and Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can affect the ability of the DAC and HAC to prevent a loss of control. See *Owner's Manual* for additional limitations and details.
28. HomeLink and the HomeLink house icon are registered trademarks of Gentex Corporation.
29. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat.
30. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details.
31. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
32. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional

limitations and details.

33. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not hold the vehicle under all conditions and does not function when the vehicle is in Reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See *Owner's Manual* for additional limitations and details.
34. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
35. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details.
36. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See *Owner's Manual* for additional limitations and details.
37. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for additional limitations and details.
38. Integrated Trailer Brake Controller is an electronic system that operates in tandem with a trailer equipped with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, weather, road conditions and driver input can all affect trailer braking control. See *Owner's Manual* for additional limitations and details.
39. Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details.
40. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions.
41. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331.
42. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details.
43. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
44. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See *Owner's Manual* for additional limitations and details.
45. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See *Owner's Manual* for additional limitations and details.
46. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for additional limitations and details.
47. Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
48. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb.
49. May not be compatible with all mobile phones, MP3/WMA players and like models.
50. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their *Maintenance Guide*. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S.
51. i-FORCE MAX will be on sale spring 2022.
52. Bilstein is a registered trademark of ThyssenKrupp Bilstein GmbH FED REP GERMANY.
53. At speeds of 9 mph or less, Front and Rear Parking Assist with Automated Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See *Owner's Manual* for additional limitations and details.
